

Business

Expenditures from the County School Service Fund

No employee shall make any purchase or obligate the county office of education for supplies, equipment, or contractual services without prior authorization approved by the superintendent.

No expenditures for any item in the budget of any department, program, or project shall exceed the amount budgeted for such item unless written authorization to exceed the amount has been obtained in advance from the superintendent.

No moneys shall be expended from the county school service fund for any purpose in excess of the latest proposed expenditures for such purposes as approved by the Superintendent of Public Instruction under Education Code, Section 14050, without the approval of the Superintendent of Public Instruction.
