Special Transportation for School Related Trips

The superintendent may use school buses to transport pupils attending schools or classes operated by the county office, including adults attending special classes for adults designed to serve the educational needs of handicapped adults or teachers or other employees employed by the county office, to and from school athletic contests or other school activities, or to and from fairs or expositions in the state or in any adjoining state and in which the pupils participate actively or as spectators. The transportation may be provided on any day or days throughout the school year.
