PROMOTION/ACCELERATION/RETENTION

The Inyo County expects students to progress through each grade level within one school year. To accomplish this, instruction should accommodate the variety of ways that students learn and include strategies for addressing academic deficiencies when needed.

Students shall progress through the grade levels by demonstrating growth in learning and meeting grade-level standards of expected student achievement.

(cf. 6011 - Academic Standards)
(cf. 6162.52 - High School Exit Examination)

When high academic achievement is evident, the Superintendent or designee may recommend a student for acceleration into a higher grade level. The student's maturity level shall be taken into consideration in making a determination to accelerate a student.

As early as possible in the school year, the Superintendent or designee shall identify students who should be retained and who are at risk of being retained in accordance with law, Board policy, administrative regulation, and the following criteria.

Students shall be identified on the basis of the assessment results on the state's Standardized Testing and Reporting Program and the minimum levels of proficiency recommended by the State Board of Education.

(cf. 5149 - At-Risk Students)

When any student in grades 2-9 is retained or recommended for retention, the Superintendent or designee shall offer programs of direct, systematic, and intensive supplemental instruction in accordance with Education Code 37252.2 and Board policy.
