

Instruction

IDENTIFICATION AND EVALUATION OF INDIVIDUALS FOR SPECIAL EDUCATION

The Inyo County Board of Education recognizes the need to actively seek out and evaluate county residents from birth to age 21 who have disabilities in order to provide them with appropriate educational opportunities in accordance with state and federal law. (cf. 0430 - Comprehensive Local Plan for Special Education)
(cf. 6164.6 - Identification and Education Under Section 504)

The Superintendent or designee shall establish a comprehensive system that includes procedures for the identification, screening, referral, and regular and triennial assessment of individuals eligible for special education, as well as procedures for the planning, implementation, and review of the education and related services provided to such individuals. (Education Code 56301)

The County Office's identification procedures shall include methods for utilizing referrals from parents/guardians, teachers, appropriate professionals, and others, and shall be coordinated with school site procedures for referral of students whose needs cannot be met with modifications to the regular instructional program. (Education Code 56302)

The Superintendent or designee shall notify parents/guardians, in writing, of their rights related to identification, referral, assessment, instructional planning, implementation, and review, including the right to consent to any assessment concerning their child. In addition, the Superintendent or designee shall notify parents/guardians of the procedures for initiating a referral for assessment to identify individuals who need special education services. (Education Code 56301)

Instruction

IDENTIFICATION AND EVALUATION OF INDIVIDUALS FOR SPECIAL EDUCATION

Referrals for Special Education Services

A student shall be referred for special educational instruction and services only after the resources of the regular education program have been considered and used where appropriate. (Education Code 56303)

All referrals from school staff for special education and related services shall include a brief reason for the referral and description of the regular program resources that were considered and/or modified for use with the student and their effect. (5 CCR 3021)

Initial Evaluation for Special Education Services

Before the initial provision of special education and related services to a student with a disability, the county office shall conduct a full and individual initial evaluation of the student. (34 CFR 300.301; Education Code 56320)

Upon receipt of a referral of any student for special education and related services, a proposed evaluation plan shall be developed within 15 days, not counting days between the student's regular school sessions or terms or days of school vacation in excess of five school days, unless the parent/guardian agrees, in writing, to an extension. If the referral is made within 10 days or less prior to the end of the student's regular school year or term, the proposed evaluation plan shall be developed within 10 days after the beginning of the next regular school year or term. (Education Code 56043, 56321)

The proposed evaluation plan shall meet all of the following requirements: (Education Code 56321)

1. Be in a language easily understood by the general public
2. Be provided in the native language of the parent/guardian or other mode of communication used by the parent/guardian unless it is clearly not feasible
3. Explain the types of evaluation to be conducted
4. State that no individualized education program (IEP) will result from the evaluation without parent/guardian consent (cf. 6159 - Individualized Education Program)

Before conducting an initial evaluation, the county office shall provide the parent/guardian with prior written notice in accordance with 34 CFR 300.503. In addition, as part of the evaluation plan, the parent/guardian shall receive written notice that includes all of the following information: (34 CFR 300.304, 300.504; Education Code 56329)

1. Upon completion of the administration of tests and other evaluation materials, an IEP team meeting that includes the parent/guardian or his/her representative shall be scheduled pursuant to Education Code 56341. At this meeting, the team shall determine whether or not the student is a student with disabilities as defined in Education Code 56026 and shall discuss the evaluation, the educational recommendations, and the reasons for the recommendations.

Instruction

IDENTIFICATION AND EVALUATION OF INDIVIDUALS FOR SPECIAL EDUCATION

2. When making a determination of eligibility for special education, the county office shall not determine that the student is disabled if the primary factor for such determination is lack of appropriate instruction in reading, including the essential components of reading instruction as defined in 20 USC 6368, lack of appropriate instruction in mathematics, or limited English proficiency.
3. A copy of the evaluation report and the documentation of determination of eligibility shall be given to the parent/guardian.
4. If a parent/guardian disagrees with an evaluation obtained by the county office, the parent/guardian has the right to obtain, at public expense, an independent educational evaluation (IEE) of the student from qualified specialists, in accordance with 34 CFR 300.502. The parent/guardian is entitled to only one such evaluation at public expense each time the district conducts an assessment with which the parent/guardian disagrees.

If the county office observed the student in conducting its evaluation, or if its evaluation procedures make it permissible to have in-class observation of a student, an equivalent opportunity shall apply to the IEE. This equivalent opportunity shall apply to the student's current placement and setting as well as observation of the county office's proposed placement and setting, if any, regardless of whether the IEE is initiated before or after the filing of a due process hearing proceeding.
5. The county office may initiate a due process hearing pursuant to Education Code 56500-56508 to show that its evaluation is appropriate. If the final decision resulting from the due process hearing is that the evaluation is appropriate, the parent/guardian maintains the right for an IEE, but not at public expense.

If the parent/guardian obtains an IEE at private expense, the results of the evaluation shall be considered by the county office with respect to the provision of a free appropriate public education (FAPE) to the student, and may be presented as evidence at a due process hearing regarding the student. If the county office observed the student in conducting its evaluation, or if its evaluation procedures make it permissible to have in-class observation of a student, an equivalent opportunity shall apply to an IEE of the student in the student's current educational placement and setting; and in any educational placement and setting proposed by the county office, regardless of whether the independent educational evaluation is initiated before or after the filing of a due process hearing.
6. If a parent/guardian proposes a publicly financed placement of the student in a nonpublic school, the county office shall have an opportunity to observe the proposed placement. If the student has already been unilaterally placed in the nonpublic school by the parent/guardian, the county office shall have an opportunity to observe the student in that proposed placement. Any such observation shall only be of the student who is the subject of the observation and shall not include the observation or evaluation of any other student in the proposed placement unless that other student's parent/guardian consents to the observation or evaluation. The results of any observation or evaluation of another student in violation of Education Code 56329(d) shall be inadmissible in any due process or judicial proceeding regarding FAPE of that other student. (cf. 5145.6 - Parental Notifications) (cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)

Instruction

IDENTIFICATION AND EVALUATION OF INDIVIDUALS FOR SPECIAL EDUCATION

Parent/Guardian Consent for Evaluations

Upon receiving the proposed evaluation plan, the parent/guardian shall have at least 15 days to decide whether or not to consent to the initial evaluation. The county office shall not interpret parent/guardian consent for initial evaluation as consent for initial placement or initial provision of special education services. (34 CFR 300.300, 34 CFR 300.301; Education Code 56320, 56321)

Informed parental consent means that the parent/guardian: (Education Code 56021.1; 34 CFR 300.9)

1. Has been fully informed, in his/her native language or other mode of communication, of all information relevant to the activity for which consent is sought.
2. Understands and agrees, in writing, to the carrying out of the activity for which his/her consent is sought and the consent describes that activity and lists the records (if any) that will be released and to whom
3. Understands that the granting of consent is voluntary on his/her part and may be revoked at any time
4. Understands that if he/she revokes consent, that revocation is not retroactive (i.e., it does not negate an action that has occurred after the consent was given and before the consent was revoked)

The county office shall make reasonable efforts to obtain the informed consent of the parent/guardian for an initial evaluation or reevaluation of a student. The county office shall maintain a record of its attempts to obtain consent, including: (34 CFR 300.300, 300.322)

1. Detailed records of telephone calls made or attempted and the results of those calls
2. Copies of correspondence sent to the parent/guardian and any responses received
3. Detailed records of visits made to the parent/guardian's home or place of employment and the results of those visits

If a parent/guardian refuses to consent to the initial evaluation or fails to respond to a request to provide consent, the county office may, but is not required to, pursue an evaluation by utilizing the procedural safeguards, including the mediation and due process procedures pursuant to 20 USC 1415 and 34 CFR 300.506-300.516. (34 CFR 300.300; Education Code 56321)

For a student who is a ward of the state and not residing with his/her parent/guardian, the county office may conduct an initial evaluation without obtaining informed consent if any of the following situations exists: (34 CFR 300.300; Education Code 56321)

1. Despite reasonable efforts to do so, the county office cannot discover the whereabouts of the parent/guardian of the student.
2. The rights of the parent/guardian of the student have been terminated in accordance with California law.
3. The rights of the parent/guardian to make educational decisions have been subrogated by

Instruction

IDENTIFICATION AND EVALUATION OF INDIVIDUALS FOR SPECIAL EDUCATION

a judge in accordance with California law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the student. (cf. 6159.3 - Appointment of Surrogate Parent for Special Education Students)

The county office need not obtain parent/guardian consent before reviewing existing data as part of an evaluation or administering a test or other evaluation that is administered to all students, unless consent is required from the parents/guardians of all students. (34 CFR 300.300)

Conduct of the Evaluation

The county office shall complete the determination as to whether the student is a student with a disability, conduct the initial evaluation to determine his/her educational needs, and develop an IEP within 60 days of receiving informed parent/guardian consent for the evaluation. (34 CFR 300.300, 34 CFR 300.301; Education Code 56344)

The evaluation shall be conducted by qualified personnel who are competent to perform the assessment as determined by the district, county office of education, or special education local plan area (SELPA). (Education Code 56320, 56322)

The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services. (34 CFR 300.302)

In conducting the evaluation, the county office shall use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the student. The county office shall also use any information provided by the parent/guardian that may assist the county office in making the determination as to whether the student is a student with a disability and, if so, the necessary components of his/her IEP when the IEP is developed, including information related to enabling the student to be involved in and to progress in the general education curriculum. (34 CFR 300.304)

The county office's evaluation shall not use any single measure or assessment as the sole criterion for determining whether a student is a student with a disability and for determining the appropriate educational program for the student. The assessment shall use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors in addition to physical or developmental factors. (34 CFR 300.304)

The county office shall also ensure that assessments and other evaluation materials provide relevant information that directly assists persons in determining the student's educational needs and are: (34 CFR 300.304; Education Code 56320)

1. Selected and administered so as not to be discriminatory on a racial, cultural, or sexual basis
2. Provided and administered in the language and form most likely to yield accurate information on what the student can do academically, developmentally, and functionally, unless it is clearly not feasible to so provide or administer
3. Used for the purposes for which the assessments or measures are valid and reliable

Instruction

IDENTIFICATION AND EVALUATION OF INDIVIDUALS FOR SPECIAL EDUCATION

4. Administered by trained and knowledgeable personnel
5. Administered in accordance with any instructions provided by the producer of the assessments
6. Tailored to assess specific areas of educational need and not merely designed to provide a single general intelligence quotient
7. If administered to a student with impaired sensory, manual, or speaking skills, selected and administered to best ensure that the results accurately reflect the student's aptitude or achievement level or whatever other factors the test purports to measure

Students shall be assessed in all areas related to the suspected disability, including, if appropriate, health and development, vision (including low vision), hearing, motor abilities, language function, general intelligence, academic performance, communicative status, self-help, orientation and mobility skills, career and vocational abilities and interests, and social and emotional status. When appropriate, a developmental history shall be obtained. The district shall ensure that the evaluation is sufficiently comprehensive to identify all of the student's special education and related service needs, whether or not commonly linked to the disability category in which the student has been classified. (34 CFR 300.304; Education Code 56320)

As part of the initial evaluation and any reevaluation, the IEP team and other qualified professionals, shall, if appropriate, review existing evaluation data on the student, including evaluations and information provided by the parents/guardians; current classroom-based local or state assessments and classroom-based observations; and observations by teachers and related services providers. On the basis of that review and input from the student's parent/guardian, the team shall identify what additional data, if any, are needed to determine: (34 CFR 300.305; Education Code 56381)

1. Whether the student is a student with a disability, or in the case of a reevaluation, whether the student continues to have a disability, and the educational needs of the student
2. The present levels of academic achievement and related developmental needs of the student
3. Whether the student needs, or continues to need, special education and related services
4. Whether any additions or modifications to the special education and related services are needed to enable the student to meet the measurable annual goals set out in his/her IEP and to participate, as appropriate, in the general education curriculum

If a student has transferred from another district in the same school year or leaves the county office program, the county office shall coordinate with the student's prior or subsequent district as necessary and as expeditiously as possible to ensure prompt completion of full evaluations. (34 CFR 300.304)

Eligibility Determination

Upon completion of the administration of assessments and other evaluation measures, a group of qualified professionals and the parent/guardian shall determine whether the student is a student with a disability and, if so, his/her educational needs. In interpreting the data, the group shall

Instruction

IDENTIFICATION AND EVALUATION OF INDIVIDUALS FOR SPECIAL EDUCATION

draw information from a variety of sources, including aptitude and achievement tests, parent/guardian input, and teacher recommendations, as well as information about the student's physical condition, social or cultural background, and adaptive behavior. The group shall ensure that the information obtained from these sources is documented and carefully considered. (34 CFR 300.306)

The personnel who evaluate the student shall prepare a written report of the results of each evaluation. The report shall include, but not be limited to, the following: (Education Code 56327)

1. Whether the student may need special education and related services
2. The basis for making the determination
3. The relevant behavior noted during the observation of the student in an appropriate setting
4. The relationship of that behavior to the student's academic and social functioning
5. The educationally relevant health, developmental, and medical findings, if any
6. For students with learning disabilities, whether there is such a discrepancy between achievement and ability that it cannot be corrected without special education and related services
7. A determination concerning the effects of environmental, cultural, or economic disadvantage, where appropriate
8. The need for specialized services, materials, and equipment for students with low incidence disabilities, consistent with Education Code 56136

When making a determination of eligibility for special education and related services, the county office shall not determine that a student is disabled if the primary factor for such determination is a lack of appropriate instruction in reading, including the essential components of reading instruction pursuant to 20 USC 6368, lack of instruction in mathematics, limited English proficiency, or that the student does not otherwise meet the eligibility criteria. (34 CFR 300.306; Education Code 56329)

If a determination is made that a student has a disability and needs special education and related services, an IEP shall be developed within a total time not to exceed 60 days, not counting days between the student's regular school sessions, terms, or days of school vacation in excess of five school days, from the date of the receipt of the parent/guardian's consent for evaluation, unless the parent/guardian agrees, in writing, to an extension. (34 CFR 300.306; Education Code 56043)

Independent Educational Evaluation

The parents/guardians of a student with a disability have the right to obtain an IEE at public expense under the same criteria that the county office uses for a county office-initiated evaluation. An *independent educational evaluation* is an evaluation conducted by a qualified examiner who is not employed by the county office. *Public expense* means the county office either pays for the full cost of the independent educational evaluation or ensures that the evaluation is otherwise provided at no cost to the parent/guardian. (34 CFR 300.502)

The parent/guardian is entitled to only one IEE at public expense each time the county office

Instruction

IDENTIFICATION AND EVALUATION OF INDIVIDUALS FOR SPECIAL EDUCATION

conducts an evaluation with which the parent/guardian disagrees. (34 CFR 300.502)

If a parent/guardian has requested an IEE, the county office may ask for a reason that he/she objects to the county office's evaluation. However, the parent/guardian is not required to provide the reason to the county office. (34 CFR 300.502)

Upon receiving the request for an IEE, the county office shall, without unnecessary delay, either: (34 CFR 300.502)

1. File a due process complaint to request a hearing to show that its evaluation is appropriate
2. Ensure that an IEE is provided at public expense, unless the county office can later demonstrate at a hearing that the evaluation obtained by the parent/guardian did not satisfy the county office's criteria

If a due process hearing decision determines that the county office's evaluation is appropriate, then the parent/guardian may obtain an independent evaluation but not at public expense. (34 CFR 300.502)

In any decision made with respect to providing FAPE to a student with a disability, the result of any IEE obtained by the student's parent/guardian shall be considered by the district if it meets district criteria. Any such result also may be presented as evidence at a hearing on a due process complaint. (34 CFR 300.502)

Reevaluation

A reevaluation shall be conducted when the county office determines that the educational or related services needs of the student, including improved academic achievement and functional performance, warrant a reevaluation or if the student's parent/guardian or teacher requests reevaluation. Such reevaluations shall occur every three years, unless the parent/guardian and county office agree in writing that a reevaluation is unnecessary. A reevaluation may not occur more than once a year, unless the parent/guardian and the county office agree otherwise. (34 CFR 300.303; Education Code 56381)

The county office shall ensure that any reevaluations of the student are conducted in accordance with the evaluation procedures pursuant to 34 CFR 300.304-300.311. (34 CFR 300.303)

Before entering kindergarten or first grade, children with disabilities who are in a preschool program shall be reevaluated to determine if they still need special education and services. IEP teams shall identify a means of monitoring the continued success of children who are determined to be eligible for less intensive special education programs to ensure that gains made are not lost by a rapid removal of individualized programs and supports for these children. (Education Code 56445)
