Environmental Impact Considerations

Environmental Evaluation of Projects

The county board encourages the superintendent to develop procedures for the environmental evaluation of projects which it may undertake. This procedure augments the California Environmental Quality Act of 1970 (CEQA) (Pub. Res. Code Sec. 21000, et seq.) and the regulations of the California Resources Agency establishing guidelines for implementation of the California Environmental Quality Act of 1970 (Chapter 3 commencing with Section 15000, Division 6, Title 14, California Administrative Code).
