Meal Reimbursement for Board Members

Each member of the board is entitled to receive reimbursement for meals if a board meeting continues through the lunch hour or dinner hour.

The lunch hour is normally at the noon hour. A morning meeting that extends into and/or through the noon hour authorizes each board member to receive reimbursement for lunch (receipt required).

The dinner hour is considered to be approximately 6:30 - 7:30 P.M. An afternoon or evening meeting that extends into and/or through the dinner hour authorizes each board member to receive reimbursement for dinner (receipt required).
